

RIDE SMART MOTORCYCLE SCHOOL INSPECTION FORM

Name (please print): _____

Bike-Mfg: _____ Model/Year: _____

Event: _____

I have inspected the above motorcycle and take full responsibility for its condition while participating in this event. In particular, **I have personally checked that the oil drain plug and the oil filter have been properly tightened and secured.**

I understand that if my oil drain plug or filter does come loose and spreads oil onto the track I will be put on a one year suspension from riding with Ride Smart.

Signed: (Rider): _____

Date: _____

Oil spills can result in extremely serious injuries for the rider and others sharing the track. We ask each of you to take 5 to 20 minutes (*depending on the bike*) to check and be absolutely certain that your oil drain plug and oil filter are tightened and absolutely secure prior to entering the track.

Thanks in advance from all of the Ride Smart staff
and Ride Smart customers!
